WHO WE ARE

A message to you from our President

My parents started this business in their basement in 1980. Originally a home-based distributorship for Century Manufacturing, our company has developed into Penner Bathing, the national leader in the design and development of quality bathing systems for long-term care facilities. We are grateful for many loyal customers through the years. The photo on the opposite page shows a map I have on my office wall. Each pushpin represents customers throughout the country. We are proud to provide these caregivers with reliable, efficient and affordable bathing systems which support the health and well-being of their residents.

Kirk Penner, President, Penner Bathing

From a family
basement to
bathing industry
leader.

QUALITY PRODUCTS & SERVICE

Bathing. It's what we do.

Penner Bathing and Penner Manufacturing have been leaders in the bathing system industry since 1980. We have more than 300 years of combined experience in the design and manufacture of bathing systems. Our production facility is connected to our main office, not overseas thousands of miles away. Our chief architects and engineers are on campus overseeing the production process which ensures the highest quality control.

We help you every step of the way.

Buying from Penner Bathing is a different experience. Here it is in 3 parts.

1

CONTACT US

We offer 39 variations of models from which to choose. Our representatives will talk with you and visit your facility in person or virtually. You may also visit our showroom to see our models up close. We will help you determine the best system for your bathing needs.

2

SELECT A BATHING SYSTEM

Most of our bathing systems give you 3 entry options. Choose from right, left or end opening doors. This is a great feature because many times a bathing area has space limitations. We can also assist you in choosing the perfect color for your bathing space.

3

WE BUILD IT TO YOUR SPECIFICATIONS

We build all the bathing systems in our manufacturing facility connected to the main office. Our engineers are on site to ensure quality and efficiency. We keep our costs down, pass the savings to you and ship directly to your facility.

WHY OUR BATHING IS BEST

MAJOR BENEFITS OF OUR BATH

1

Allows for
thorough
cleaning of
body

2

Relieves pain
and stiffness

3

Improves
skin integrity

AQUA AIRE JET TECHNOLOGY = CLEAN WATER

Our exclusive **Aqua Aire Jet technology** creates the movement of water in our baths. These jets have a check valve system that closes and does not allow water to settle back into the air lines. Aqua Aire Jets ensure only air is entering a new bath, not contaminated water from the previous bath.

Learn more! Schedule a Penner showroom tour and demonstration at our main office in Aurora, NE. We offer virtual demos too. Call today! 800-732-0717.

We want
lifetime customers,
not one & done.

Customer satisfaction in our product and service is why we have clients who have been with us for more than 20 years.

"Personal service sets us apart. You will always be able to reach a real person when you call our main office, not some automated system. Customer service and high-quality products are a top priority. We want lifetime customers."

Lee Penner

Founder, Penner Bathing

What our customers say

Kathy Klingsporn
Administrator

Central City Care
Central City, NE

"Our facility has been doing business with Penner Bathing Spas for over 20 years. Their service on their equipment is excellent. They want to make sure you are satisfied with their product."

Kim Schilling
Administrator

Creekside Cottages
Grundy Center, IA

...I was able to get a (spa) option with a TV. Our residents love to use the whirlpools and the staff thinks they are easy to use and clean. We plan to continue to use Penner for other building projects in the future."

Barb Shipley
D.O.N.

Pleasant Valley Manor
Liberty, MO

"We are truly happy with our whirlpool spa. The residents love it. They have been used to just having showers and now they all want to take a whirlpool! Customer service has been A+."

Penner Bathing Sys

Explore the next few pages to learn more about our versatile bathing systems. We have many options to accommodate your residents' unique needs and your bathing area challenges.

We're proud to use 40 years of experience to design and manufacture dependable, affordable, and efficient systems for your residents and staff.

Frequently asked questions

We would love to answer any questions about our bathing systems! You can see a few FAQ on the opposite page. Please contact us if you need more information.

Call: 800-732-0717

Email: Scott Werner at scott@pennerbathing.com

How much do your bathing systems cost?

Your cost depends on the model, configurations and quantity you choose. Contact us and a representative will assist you with pricing.

Do you offer a warranty?

YES! We offer a 5 Year Parts Warranty.

How do we determine the right bathing system for our facility?

Our representatives will help you choose the best system for your needs and space. We are happy to visit your facility in person or you may visit our showroom to see the systems up close. We also offer virtual tours through Zoom for you and your staff.

Will your systems fit in our bathing area?

Most likely, YES. We have 39 models. You can choose right, left or end-opening doors. Post transfer or mobile. We will help you choose.

Do you have a scale?

Yes. All Penner Transfers have an optional scale you may purchase.

What color options are available?

So many colors available to help you create a relaxing bathing area for your residents. Visit our website to see color options.

How does the reservoir work?

Fill the reservoir with heated water. Transfer a resident to the bath and release the reservoir. The tub fills in as little as 60 seconds. While bathing current resident, fill reservoir again for the next bath.

Is your bathing system easy to clean?

Absolutely! All of our systems come standard with our Automatic Disinfection System. Your staff will love how simple and efficient cleaning between baths can be.

How long does it take to get my Penner Bathing System after I place an order?

Approximately 4-6 weeks. We design and manufacture all our bathing systems at our facility in Aurora, NE and ship directly to you. Proudly made in the USA.
